

Greenville Housing Authority
Family Self-Sufficiency Program

The FSS Program assists families currently receiving subsidy under GHA Housing Choice Voucher Program. The FSS Program provides participants with referrals to resources/services to find and achieve education goals, maintain stable employment, establish savings accounts, and manage money that will lead to self-sufficiency and decrease reliance on housing subsidies.

Participation in the FSS Program is completely voluntary. If you choose to participate, you will sign a five-year contract, develop a personal plan for becoming self-sufficient and you will be obligated to work toward your goals with the support of the FSS Coordinator.

For more information about the FSS Program contact:
